Sprint Planning #3

Sprint Ends: March 31st

Hours Spent Working: 6 hours

Scrum Master: Camila

Team Members: Tom, Kelsye, James

Retrospective Item: Collaboration on design and visualization

What To Do Next:

**Stories are on GitHub project, this is a basic rundown on what we expect to have done this sprint

- Add navigation between fragments
- Create installation and set up instructions
- Complete designs for fragments
- Get addJob working
- Grab user location with Geopoints
- Pulling data from user profile (balance and location)
